

### Special Features

- ▲ VANDAL AND THEFT RESISTANT
- ▲ ATTRACTIVE SATIN POLISHED FRAME

### Description

The framed mirror is constructed entirely from stainless steel and is designed for use in all areas, in particular those subject to vandalism. Suitable for surface mounting, the framed mirror is available in two sizes.

### Construction

The mirror frame is manufactured from heavy gauge grade 304 stainless steel, with all exposed surfaces polished to a satin finish. The frame has countersunk screw holes for surface mounting using the security type screws provided. The mirror is manufactured from grade 400 stainless steel polished to a mirror finish and reinforced with 12 mm thick fibreboard backing.

### Installation

The framed mirror should be installed level, at the required height and securely fixed to the wall using the screws provided. Detailed installation instructions are supplied with the product.

### Maintenance

Routine cleaning is necessary to maintain the appearance of stainless steel. Washing with soap or a mild detergent and warm water, applied with a sponge, followed by a clear water rinse is all that is required. Unless specifically formulated for use on stainless steel, bleaches, abrasive or chemical cleaners should not be used.

## Technical Specification: Framed Stainless Steel Mirror

5 Brearley Court, Baird Road, Waterwells Business Park, Quedgeley, Gloucester GL2 2AF Tel: 01452 721211 Fax: 01452 721231 Web: [www.acornpowell.co.uk](http://www.acornpowell.co.uk)
