

## STAINLESS STEEL MIRROR

PRODUCT CODE  
**752**

November 2006

### Special Features

- ▲ VANDAL RESISTANT
- ▲ AVAILABLE IN FOUR STANDARD SIZES

### Description

The stainless steel mirror is highly polished and is designed for use in all areas, in particular those subject to vandalism. Suitable for surface mounting, the mirror is available in four standard sizes. As an alternative to the standard dimensions, the stainless steel mirror can be manufactured to any required size.

### Construction

The mirror is manufactured from heavy gauge grade 304 stainless steel, with all exposed surfaces polished to a mirror finish. The mirror is supplied drilled with screw holes for surface mounting.

### Installation

The mirror should be installed level, at the required height and securely fixed to the wall. Detailed installation instructions are supplied with the product.

### Maintenance

Routine cleaning is necessary to maintain the appearance of stainless steel. Washing with soap or a mild detergent and warm water, applied with a sponge, followed by a clear water rinse is all that is required. Unless specifically formulated for use on stainless steel, bleaches, abrasive or chemical cleaners should not be used.

## Technical Specification: Stainless Steel Mirror

5 Brearley Court, Baird Road, Waterwells Business Park, Quedgeley, Gloucester GL2 2AF Tel: 01452 721211 Fax: 01452 721231 Web: [www.acornpowell.co.uk](http://www.acornpowell.co.uk)
