

BASIN SPOUTS

PRODUCT CODE **6912DSP:6924DSP:6932WSP**

November 2006

Description

Basin spouts are designed to be used in conjunction with electronic no-touch control systems, and push button or knee operated timed flow valves. Three models of basin spouts are available, for deck or surface mounting and wall mounting. All models have a chrome plated finish and a 12 mm ($\frac{1}{2}$ in) BSP male inlet connection.
