Basin Pillar Tap **Product Code** 

# □6711BPHC-basin pillar tap - pair

High Neck Sink Tap **Product Code** □6712HNSHC-high neck sink tap - pair

### Description

Designed and manufactured to British Standard 5412, the cross head tap is ideal where an easy grip for on/off control is required. All taps in the range are manufactured from solid brass and finished in a high lustre chrome. Supplied in pairs, the taps are available in pillar, high neck and bib cock designs, all of which have a 12 mm (1/2 in) BSP male inlet connection.

**Bib Cock Tap Product Code** □6713BCHC-bib cock tap - pair
